Dear Sir:

GROUP 3600

In further response to the Office Action of September 10, 2002, please amend the above-identified application as follows.

In the Claims:

Please amend claims 74, 75, 76, 78-81, 91, 103, 104, 108, 111, 113, 115 and 116 to have the following form.

74. (Thrice Amended) A wear assembly for an excavator having a lip with an inner surface, an outer surface, and a front edge face for digging, the wear assembly comprising:

a boss adapted to be fixed to an excavator lip, the boss including (i) an inner surface to be fixed to the lip, the inner surface having a front portion and a rear portion generally aligned with each other, and being bent so that the front portion extends generally transverse to the rear portion with the rear portion being
